

REGIS-TR 2021 release plan

December 2020

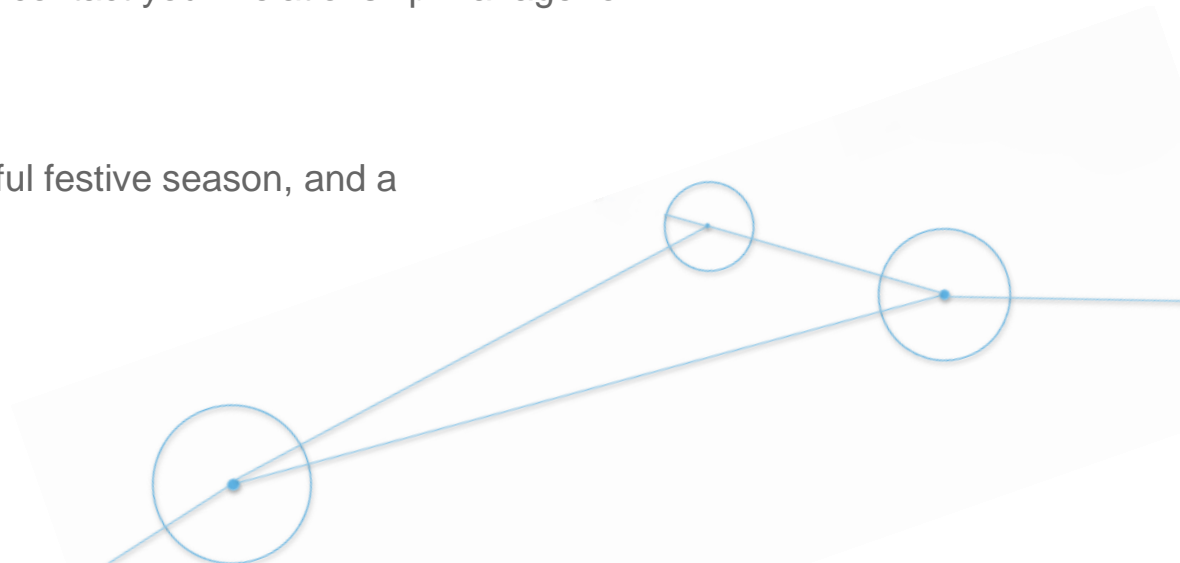

As we come to the end of 2020, we would like to take this opportunity to thank all of our clients for continuing to choose REGIS-TR as their TR. It has been an eventful and challenging year for us all, and whilst we have missed our networking, events and interactions, we are grateful for the strength and resilience shown by our clients, teams and friends across the industry. 2020 has been an exciting year for REGIS-TR and we are looking forward to welcoming 2021 and the new opportunities that it brings us.

2021 will see the launch of UK EMIR under our sister TR, REGIS-TR UK and the final phase of SFTR, both rolling out in Q1. Beyond this, we commit to continue ensuring that all new releases and updates are introduced efficiently and seamlessly. To give you a preview of this, we are publishing an indicative REGIS-TR 2021 release plan. Detailed information of each release will be issued and communicated in due course.

If you have any questions, please do not hesitate to contact your Relationship Manager or get in touch at commercial@regis-tr.com

From all of us at REGIS-TR, we wish you a wonderful festive season, and a happy, healthy and prosperous New Year!

Your REGIS-TR team
